

Jill Taylor – Board Member

I have been a Didsbury resident since I was a student (too many years ago to remember) and have always been involved with the Manchester arts community as a singer and most recently as trustee of Manchester Jazz Festival and committee member of DAF.

I look forward to being part of the future development of Didsbury Arts Festival which I feel adds colour, culture and vibrancy to our community. My marketing background as a director of Stealth – creative and design agency in Didsbury will hopefully bring a useful skillset to the board, along with experience of fundraising.
